Assemblyman Fisher a Visitor in Ukiah

Assemblyman Fisher, of Eureka, was in Ukiah the latter part of last week looking after his political fences in this territory. He represented the district comprising Humboldt and Del Norte counties at the last session of the legislature. When the legislature at its last session redistricted the state, he found himself with Mendocino county added to his territory and his visit here was for the purpose of getting acquainted.

Assemblyman George Biggar represented Mendocino at the last session of the legislature. He now finds himself forced to run against Fisher. They are good friends and Mr. Biggar speaks very highly of his opponent. One of them will be eliminated and it is exceedingly unfortunate that this is so, as both are fine men and able legislators.

A third candidate is in the running, a Eureka man.

W. D. L. Held Announces Candidacy for Judgeship

To the Voters of Mendocino County:

On August 30th you will select a Judge of the superior court. This office is one of great importance. The Judge decides questions affecting the life, liberty, property, and happiness of all of us. He must be a man of high ideals; he must possess mature judgment and moral courage, and be experienced and well-trained in the law. No man can expect to be a perfect Judge, for that is not humanly possible. But believing myself equipped to a reasonable extent with the attributes necessary for the position, I now announce myself as a candidate for your suffrage.

I was born in California and am 57 years old. More than 40 years ago, I came to Ukiah and entered the law office of T. L. Carothers as a student. I have lived here ever since. For over 30 years I have practiced as an attorney in this county, and it is my ambition to cap my professional career with a term on the bench.

If selected, I will do my utmost to maintain the dignity of this high office. I would, and know that I could, render equal and exact justice to all. I would enter upon the discharge of the office without the least enmity or ill will against any one. My sole purpose would be to fill the office honestly, efficiently and with dignity.

A large past of the duties of the Judge has to do with juvenile offenders. I believe that fewer cases of this character should be brought into court, and it is my opinion that the Judge can do more with a boy by a private conference with him and his parents, than by dragging the lad into court and treating him as a delinquent. His pride and self-respect would be maintained, his parents would be saved ignominy, and the tax-payers relieved of the expense of court proceedings.

I know that the Judge can do much to relieve the tax-payer of the enormous burden under which he now is struggling. Everyone, be he land owner or working man, suffers by the burden of high taxes.

The Judge can keep taxes down by means of the grand jury, which he appoints. That body is the window through which the tax-payer looks into the courthouse to see how tax money is spent. The grand jury is the body that makes recommendations as to county salaries, and the conduct of county affairs. But a grand jury to reduce taxes must be under the direction of a Judge, who himself favors economy.

I was foreman of the grand jury in 1915. Nothing radical was done, but nevertheless that grand jury recommended certain changes in the conduct of county affairs, and the result was a decrease of 35c in the tax rate. In 1920 I was a candidate for Judge, and although I was not elected, my campaign revealed certain conditions that were remedied, and the result was a decrease of $1.20 in the tax rate. And it is worthy of note that the only reductions in the county tax rate in the last 20 years were those made when I was foreman of the grand jury, and again when I was a candidate for Judge, and the year immediately following in each case. Then after a year or two, the tax rate began to rise again.

There is today a critical condition. People are out of work, merchants are going out of business, farmers are unable to pay their interest and taxes, and industry generally is stagnant. And mark this, the present danger is not alone high taxes, but HIGHER taxes. I was chairman of the tax committee of the State legislature in 1911, and at that time successfully fought against a land tax for state purposes. Since then there has been no such land tax. But, the legislature in 1931 passed a law that gives the State the right to levy a tax on land to defray any deficit in State expenditures, and we may expect soon to have such a tax added to our already heavy burden. Until 1911, this tax was about 50c per $100 each year.

Furthermore, more and more taxes are allowed to go delinquent, and less property therefore remains liable for taxes. This throws an added burden on those who do pay taxes.

Much of the added tax burden arises out of the fact that while the private citizen has been forced to economize by hard times, the tax-payer has not demanded that same economy of his public servant. In Mendocino county, the salary of the Judge, ten years ago, was $4,000.00 a year. I believe that any lawyer in the county would be glad to accept the position at that figure, for it means not only a good salary for a definite period of six years, but it includes also all office expenses, library, etc., and in addition the honor of the position itself, which is not to be lightly considered.

Yet, in 1925, the salary was increased to $5,000.00; in 1927, to $5,500.00; and only last August, to $7,000.00. I can find no justification for these increases, particularly the most recent one. When we find men working in the fields for 20c an hour, I see no justice in raising the salary of the Judge $1,500.00, and then cutting the road worker 50c a day, and putting him on a three-day week. Better spread that $1,500.00 among the road workers, and give them a living wage.

I believe also that another unnecessary burden was loaded on the tax-payer, when the district attorney two years ago was allowed a deputy at $2,400.00 a year. The district attorney was already receiving a salary of $3,000.00, and was furnished a stenographer at $1,200.00 a year. The work of this office can readily be done by one man, but the law should require him to give his whole attention to county affairs and not permit him to engage in private practice.

It is my intention from time to time, to address the public through the medium of the newspapers, and to elaborate on the matters referred to in this announcement, as well as to point out existing conditions that could be remedied, with a resulting reduction in taxes.

I respectfully ask your support in this campaign, and would be encouraged by a letter from you.

This county has been put in the district which includes Humboldt and Del Norte counties. There will be two other candidates in the field, one of them Assemblyman Fisher, of Eureka, who formerly represented Humboldt and Del Norte counties before they were included in a new district with Mendocino. Charges Wife With Stealing Children

Mrs. George Hewlett, of Hopland, was arrested in San Francisco and brought to this city and placed in the women's cell at the detention home, last Tuesday, by Deputy Sheriff Wayne Crawford, on a charge of child stealing.

She left her home in Hopland March 31, taking her two children with her, and went to Mexico where she obtained a divorce from her husband, well known Hopland rancher.

On April 11, Hewlett swore to the complaint of child stealing. She was found at an apartment with the children in San Francisco.

Jury Gives Verdict of $750 for Luser

Two days were occupied in the superior court this week by the damage suit of Fred Luser, of Santa Rosa, against M. H. Birdsie, of Talmage, for $5,124, growing out of an automobile accident which occured on the night of September 15 of last year on the Talmage road in front of the W. R. Hildreth home.

Luser was on his way home from Ukiah in company with A. T. Howe, who was driving the machine. A car driven by Birdsie crashed into them with such force as they were turning across the highway, that Howe's car was carried down the highway several feet and landed near a large tree at the side of the highway. The men were thrown out and Luser suffered concussion of the brain, two fractured ribs and abrasions of his body.

The case went to the jury at 4:24 p. m. Wednesday afternoon. After a deliberation of only 40 minutes they returned with a verdict of $750 damages for Luser, who was represented by Attorney I. M. Brazier.

L. I. Gibson to Run for Superior Judge

District Attorney Announces Candidacy. Points to Record as County Prosecutor.

In this issue of the Dispatch will be found the announcement of Lilburn Gibson respecting his candidacy for the office of Superior Judge of Mendocino county.

Mr. Gibson has made an enviable record as district attorney, the position which he now holds. He is recognized both inside and outside of the county, as being one of the foremost and ablest district attorneys of the

state. For instance, the Santa Rosa Republican, under date of September 6, 1929, in an extended editorial commented in part as follows: "The civic eyes of entire northern California continue to be focused in the direction of Lilburn Gibson, the "go-getter" district attorney of Mendocino county. Not only is this public prosecutor demonstrating a new and unique brand of law-administrative vigor against abject criminality, but he seems to have developed a system all his own in the matter of laying a jury-convincing ground work before going into court. California has enough laws. What we need is more men like Gibson to see they are enforced."

In addition to being in almost constant attendance before the courts for

SOMETHING MUST BE DONE

(Editorial)

Something must be done to reduce taxes in Mendocino county. Present economic conditions make the present plans of expenditures intolerable to the taxpayers. Curtailment and elimination of activities are imperative.

However desirable many present activities may be, we must live governmentally within the reach of our present income. Our county government must confine itself to the absolute necessities.

Something must be done, but how?

Nothing will be accomplished by scolding or fault finding. This is no time for mistrust, or suspicion or recrimination. Present economic conditions demand action—sane, deliberate and thoughtful action.

School boards should cut their budgets to an absolute minimum. There is a present crisis. Outgo must not be greater than income, or bankruptcy follows. It is not a matter of what we would like to have, or what we should have, but what we can afford.

The board of supervisors should have the co-operation of the people. Everyone is agreed that there must be a substantial reduction in taxes. The difficulty arises in agreeing where the various reductions should be made.

This paper proposes that the board of supervisors appoint a committee of 15, three from each district of the county, to consider the entire question of county expenditures. Let it work in co-operation with the supervisors and the present taxpayers' association, if that is agreeable to the latter-mentioned body. The committee, after a thorough consideration of the entire field of expenditures, can then bring to the supervisors substantial and influential support in the curtailment of expeditures.

This committee must be made up of broadminded and thoughtful members who are willing and able to consider and deliberate and who have the courage to stand by their convictions. If so constituted, it will have the confidence of the entire county.

Something must be done, and it is the immediate reduction of expenditures for county and school purposes.

Members of the Flower Show Committee are to be congratulated on the able manner in which they have arranged for this noteworthy event.

Everyone is invited to attend.

Prominent Couple United in Marriage at Church Ceremony

Miss Lillian Annette Hengeveld, of Ukiah and Fernand Eugene Domergue, of San Francisco were united in marriage at the Church of Notre Dame Des Victoiries in San Francisco at 7:30 p. m. Saturday, April 9. The ceremony was performed by Reverend Father LeBien, pastor of the church, in the presence of about 400 guests.

The fine old French church, on Bush street, where the Domergue family have worshipped for many years, was exquisitely decorated for the occasion. The altar was banked with masses of snow white carnations and was flanked on either side with large baskets of glistening lilium giganteum. The stately aisles of the church were lined with vivid green palms and the dim recesses of the edifice were brightened with an artistic arrangement of various flowers in delicate pastel shades. The gleaming altar candles illuminated the scene, the rare beauty and perfect peace of which made a lasting impression on the minds and hearts of the beholders.

The bridal music which filled the church with a harmony of sweet sound was played by the church organist while the vocal solos were rendered by leading members of the choir.

The beautiful bride, who entered the church on the arm of her father, K. N. Hengeveld, by whom she was given in marriage, was as fair as the flower for which she is named.

She was becomingly gowned in a lovely wedding dress of heavy white satin designed with a long train over which she wore a lace veil caught with a coronet of orange blossom and carried a bouquet of gleaming gardenias and lilies of the valley.

Mrs. Harry Hopper, who was her sister's matron of honor, was attractively attired in a charming costume of pale pink lace with picture hat to match and sash and slippers of blue satin. She carried a sheaf of pink Brier Cliff roses and white lilies of the valley.

Mrs. Arthur Domergue, who also acted as one of the bride's attendants, was clad in a lovely frock of lace in a soft shade of blue with which she wore a picture hat to match and a sash and slippers of pink satin. She carried a bouquet of Talisman roses and lilies of the valley.

The bride and her attendants were met at the altar by the groom, Fernand Domergue, and his brother, Arthur Domergue, who acted as best man, and Rene Roquette, a cousin of the groom, who was one of his attendants.

At the conclusion of the ceremony, the wedding party repaired to the Italian room of the St. Francis hotel, where a reception was held and a wedding dinner served to about a half a hundred guests.

The tables were set in the form of an open rectangle. The bridal party occupied places at the head table, which was artistically decorated with an elongated centerpiece of white carnations and sweet peas, and maiden-hair ferns, and was bordered on the inner edge by white sweet peas. The two side tables were elaborately adorned with lovely long centerpieces of pink Briar Cliff roses and sweet peas and maiden-hair fern and garlanded on the inner margin with pink sweet peas. On either side of the cavernous fireplace of the Italian room stood great baskets of rhododendrons and apple blossoms in soft shades of pink, conforming to the radiant color scheme of white and rose.

Superior Judge M. H. Iversen acted as master of ceremonies at the wedding feast and invited a number of guests to speak including Arthur Domergue, Mrs. Eugenie Domergue, Mr. and Mrs. K. N. Hengeveld, Walter Sandelin and Mrs. O. R. Archer, all of whom offered hearty and sincere felicitations to the happy couple.

Dancing led by the bride and groom was continued until after 1:00 o'clock a. m.

The ladies attending the function were attired in modish evening costumes. Mrs. K. N. Hengeveld, mother of the bride, wore a lovely gown of black lace with a corsage of white gardenias. Mrs. Eugenie Domergue, mother of the groom, was clad in a rich costume of black silk crepe.

Those from Ukiah who attended the wedding were Mr. and Mrs. K. N. Hengeveld and son, George, Mrs. Mary Hopper, Judge and Mrs. M. H. Iversen, Mr. and Mrs. Walter Sandelin, Mr. and Mrs. O. R. Archer, and Mr. and Mrs. Wilburn Brown.

Mr. and Mrs. Rene Roquette, whose wedding was celebrated at the Church of Notre Dame Des Victoires, Saturday morning, were guests at the evening wedding and the following festivities.

At the conclusion of the dinner party, the two newly married couples escaped down the peninsula together and spent the rest of the night at the Benjamin Franklin hotel in Burlingame.

They are spending their honeymoon in Yosemite Valley, from which place they will return to San Francisco today. Mr. and Mrs. F. E. Domergue and Mrs. Eugenie Domergue are expected to arrive in Ukiah next Monday, where they will spend a week at the Hengeveld home.

The party of six including Mr. and Mrs. F. E. Domergue, Mrs. Eugenie Domergue, Mrs. K. N. Hengeveld, Mrs. Marie Roquette and daughter, Yvonne, plan to leave San Francisco by automobile en route to New York on April 23.

They have already gone through the rather intricate process of securing their passports and have had them countersigned by the San Francisco consuls of the five foreign countries that they hope to visit.

They will cross the continent leisurely in an 18-day trip, doing considerable sightseeing en route.

They will embark on one of the large trans-Atlantic liners May 14 and land at Havre, France, from which point they will make the four-hour trip to Paris in their Packard car.

After visiting relatives and enjoying a glimpse of the gay French capital they will tour Holland, Switzerland, Italy, and England.

They will be abroad most of the summer. This will be the sixth trip Mrs. Eugenie Domergue has made to Europe.

After their return to San Francisco, the bride and groom will occupy the Domergue home for a time and will later buy or build a home of their own in the city by the Golden Gate.

C. T. A. Official Here En Route to Sacramento

Roy Good, superintendent of schools of the city of Fort Bragg, was in Ukiah Wednesday on his way to Sacramento to attend a meeting of official representatives of the California Farm Bureau, the California State Grange, the California Realtors Association, and other allied groups interested in rendering less burdensome and oppressive the tax on real property.

The farm groups have invited three members of the board of directors of the California Teachers Association to sit with them at the meeting and to participate in the deliberations to guard against any action being taken that might impair the efficiency of the schools or jeopardize their source of income.

Mr. Good is a member of the board of directors of the C. T. A., which corporate body was represented at the meeting held in Sacramento yesterday by such educators as Roy Good of Fort Bragg, Roy Cloud of Redwood City, and Willard E. Givens, superintendent of the Oakland schools.

State Theater News; Tabloid Reviews

The fact that fine bills at the State theatre drew full houses all last week helps us to face the business situation with a more hopeful feeling.

Manager B. F. Adams is supplementing the main picture with a number of attractive short subjects and serials.

Several travelogs recently presented have been especially interesting and instructive.

"The Lion Hunt," the third episode in the **"African Adventure"** series was presented last Saturday. These authentic pictures of wild animals and native life and customs were filmed at great risk to his life and health by Wyant D. Hubbard, fellow of the American Geographical Society. They will be continued at the local playhouse for nine more successive Saturdays.

"Captured by Redskins," the first chapter of the thrilling serial **"Battling With Buffalo Bill,"** an epic of the early days, was staged at the State, last Saturday and proved equally absorbing to both young and old. While all greatly enjoy adventuring far afield there is something very alluring and compelling about credible pictures of early life in our own country.

"Frankenstein," the film version of Mrs. Mary Shelley's book which has been published in every land and language, is playing last times today.

Boris Karloff recently seen locally in "Five Star Final" and "Graft" enacts the role of monster, which Lon Chaney longed to play.

This shocking and sensational supernatural story is entirely unique in motion picture production and tonight is the last opportunity to witness its wonders.

"Partners," starring Tom Keene, dashing hero of RKO-Pathe westerns and young America's new idol, will be the attraction at the State on Saturday.

Bobby Nelson, the amazing eight-year-old actor, who has already attained the ability of a veteran, plays the part of Tom Keene's partner and there are sequences where he almost steals the show.

Flash, the horse that made such a hit in "Sundown Trail" and Freighters of Destiny," has a following all his own and the youngsters are wild about him.

The cast includes beautiful blond, Nancy Drexel, the veteran menace Lee Shumway, comedy ace Victor Potel, and the world's champion roper, Fred Burns.

The picture was filmed in the rugged lower levels of the Sierra Nevada mountains with the higher peaks in the scenic background.

The fast action of the human interest story of ranch life centering around the friendship of the cowboy and his youthful protege, includes spectacular riding, desperate chances, and hairbreadth escapes.

"Fireman, Save My Child," a First National picture, and the culmination of comedy will be staged at the State next Sunday and Monday.

Joe E. Brown, the monarch of mirth, appears as assistant fire chief and baseball hero. He is a natural born fire fan who accepts an offer to pitch in the major league for the St. Louis Cardinals to earn money to finance a fire extinguisher he has invented.

In order to economize, he lived on bananas and weenies in the big cities but the fruit and frankfurter diet did not agree with the actor in real life.

Picture the pitching star in the big league dropping the ball to run after the fire wagon when the siren blows.

The days of old Dan, famous San Francisco fire horse, were ended with motorization of the deparement but he was sent down to Los Angeles to make an appealing appearance in this picture.

In the story, there is just enough romance to balance the riot of fun. To miss this picture is to miss the treat of a lifetime and a laughtime.

"Street Scene," Samuel Goldwyn's picturization of Elmer Rice's Pulitzer prize play, will be presented at the State, next Tuesday and Wednesday.

The stage play ran for 600 performances in New York and played for two years in the principal ctiies of the country. A published version of the play has been printed in five languages.

For the first time in screen history, a picture is shot in its entirety within the confines of a single set. The action takes place on the street, mostly on the steps of a rusty brownstone tenement of Manhattan's west sixties, but it is a panorama of any street of any city in the world. The drama speaks the language of the heart and is common to every race, color and creed.

The all-star cast directed by King Vidor, is headed by Sylvia Sidney, whose metoric career has increased her fame to international proportions.

Playing opposite her is William Collier, Jr., who although one of the youngest stars in the pictures is a pioneer of the talking film as he had a leading role in "The Lion and the Mouse," the first screen play with audible dialog.

Estelle Taylor, ex-wife of the heavyweight champion, Jack Dempsey, plays the part of the mother whose drab and desolate life drives her to despair and defiance and forms the tragedy around which the poignant drama revolves.

Among the original stage cast brought to Hollywood for the picture were Bulah Blondi, David Landau, Russel Hopton, Anna Kostant and Greta Granstedt.

"Big Shot," an RKO production starring Eddie Quillan, will afford patrons of the State theater delightful entertainment next Thursday and Friday.

The comedy and tragedy is played against the modern background of an auto camp brought to the screen for the first time. Eddie will convince you that there is plenty of class distinction among the auto camps that dot the California highways.

Maurice O'Sullivan, who plays the feminine lead, made her debut in pictures with John McCormack in "Song O' My Heart."

Other members of the strong cast are Mary Nolan, Belle Bennett, Ralph Ince, Roscoe Ates and Arthur Stone.

In **"Frankenstein"** the eerie play,
As it appears last times today,
See Karloff in that wild weird role,
A man-made monster minus soul.

On Saturday, new episode
In thrilling chapter play is showed.
In **"Partners,"** Keene and equine Flash
Across the lurid scenes will dash.

In **"Fireman, Save My Child,"** Joe Brown
Will bring a riot of fun to town.
He drops the ball and grabs the hose
When engines puff and siren blows.

The **"Street Scene"** play that won the prize
Will please the patrons, I surmise.
And with its greatest all-star cast
Will entertain you to the last.

In **"Big Shot,"** Quillan will revamp
A faint and failing auto camp.
In great success he will rejoice
And win the lady of his choice.

City Beautiful, Community Objective

Recent rains renew the opportunity for the spring planting of trees and shrubs in the home gardens of Ukiah. Many communities in the state are conducting campaigns advocating concerted Easter planting using the slogan "Gifts that grow are best."

The attractive appearance of any city has both an aesthetic and financial value. There is a psychological influence that tends to harmonize the life of a people with the surroundings, either dignified or sordid.

It is certainly true that tourists will not be attracted as permanent residents of unsightly cities. So many California towns have made a point of clean up campaigns, public improvements, and beautification plans that the backward community has become conspicuous in its shortcomings.

Pressure should be brought to bear to effect the destruction of old and dilapidated buildings and unsightly shacks of evrey nature and to prevent the construction of cheap, flimsy or undesirable new ones especially in the neighborhood of the highway where the stranger gets his first and lasting impression of the city and character of its people.

An active interest should be taken in the character of the buildings constructed in the town by the city government, the chamber of commerce and other civic organizations, and the service clubs.

Service Clubs Meet at Palace

The regular luncheon meeting of the Ukiah Rotary club was held in the Canton room of the Palace hotel Tuesday with F. A. Yates presiding.

H. T. Harvey introduced the speaker, Bob Patterson of Taft, who addressed the club on the subject of oil conservation as proposed and advocated in the Sharkey bill.

Preston Cherry presided at a pleasant and profitable meeting of the Ukiah Lions club, held at the Palace Thursday noon.

W. K. Davis introduced as the speaker of the meeting County Assessor Frank Reynolds, who talked on the timely topic of financing county government, listing and explaining the sources of revenue and emphasizing the imperative need of recession and economy.

The regular dinner meeting of the Ukiah Twenty-Thirty Club was held at the Palace hotel at the usual hour Wednesday evening.

William Merryman, field representative of the Redwood Empire, was introduced as the speaker of the meeting by Joe Trimeloni. The subject of his extremely interesting and instructive address was "The Psychology of Achievement." He dealt intelligently with the importance and necessity of building up a mental attitude favoring accomplishment.

The name of Nolan Hunt was proposed as a candidate for membership.

Preceding the dinner the club played a game of baseball on the high school diamond between a team of married men captained by Ken Phillips and a nine of single men led by Jim Brawn. The married men won and the single men professed themselves pleased to accord them this honor, as an occasional victory in public will prevent them getting an inferiority complex on account of their domestic insignificance.

The Twenty-Thirty Club has challenged the Lions Club to a game of baseball, which the jungle kings have signified their intention to accept for next Sunday week.

The pastor, Rev. Warren A. Bonner, preaches morning and evening next Sunday. At 11:00 o'clock he speaks on "The Gospel of Humor" and at 7:30 on "The Freedom of Restraint and the Restraint of Freedom." There will be special music at both services.

Sunday school meets at 9:45 with a welcome to all not attending elsewhere.

Senior league and Forum at 6:30. The gospel of Luke is being studied at prayer meeting. Second chapter will be used this coming week.

Thelma "Billie" Spang, former resident of Willits, has accepted a position at the White House grill, as waitress. She started to work Saturday.

PROPER EYE CARE

By Dr ROBERTS

PART III.

The keen competition in our modern business and social world often forces the shortening of the hours of sleep and relaxation.

The fascinating and delightful programs of the radio have shortened the slumber hours in millions of homes. The late hours of modern social affairs are encroaching more and more on our hours of sleep. Unfortunately, the human body can stand only so much and in time, nature steps in and takes her toll. Because of the speed and brightness of modern life, she exacts the greatest toll from the eyes.

Guard well your eyes.

Taxes Delinquent on and After Wednesday

Tax Collector Volney Van Dyke announces that taxes will be delinquent on and after April 20, which is next Wednesday. Taxpayers are urged to take notice and pay their final installment before that date.

MRS. WARREN ILL

Anna Warren is announced by Dr. E. C. Bennett as being very ill at her home on Walnut avenue.

Could Hardly Raise Hand Off Her Bed

"No woman could have been in worse condition than I was the last two years and get well. Not only was I continually wracked with pain but I was also deathly sick most of the time. Anything I put in my stomach caused terrible nausea. I became so weak I could scarcely lift my hand off my bed. After one bottle of Sargon I started to eat nourishing food and digest it. My strength returned so fast I was soon able to be up and do my house work. Sargon Soft Mass Pills helped me regain my health by eliminating the poison from my system. I will always bless these wonderful medicines."—Mrs. C. Wolf, 1617 North 32nd Ave., Omaha, Nebr.

Burlesque Ball Game Won by Rotary Club

Headwork and Team Work of Ancient Veterans Prove Too Much for Youthful Players

Gales of laughter, "razberrying" and intense interest were manifest among the big crowd of baseball fans that turned out last Sunday afternoon to witness the hot contest for the sandlot championship between the Lions and Rotary clubs.

The entire game of three innings was a burlesque. It was won by the Rotarians with a score of 6 to 3, and these ancient veterans maintain that it was simply one more demonstration of the superiority of mind over matter, the seasoned brains and careful planning of the Rotarians being too great an obstacle for the bull strength and awkwardness of their youthful opponents to overcome.

Alibis among the Lions are varied and vociferous.

A Dispatch-Democrat reporter was granted an interview Monday with leaders of the two teams. The Lions strongly resent the presence of Irving Brazier, professional ball player, on the Rotary team, and allege that an extra large bat was presented to and used by Judge Iversen during the game. His powerful drives had a lot to do with the Rotary victory.

Members of the Lions team also wish it known that they consider the umpiring by Terrill Duncan terrible and they charge outright that he was bought off by promises of support at the election held Monday. Commendation for Hub Grant and Bill Deer, cheer leaders, was given, their energy in keeping the fans "on their toes" and maintaining excitement among them during the game was an inspiration to the players.

At the beginning of the contest the Lions held out for the use of a hard ball, but they met severe opposition from the competing team who wanted to use a soft ball, remarking that their hands were not in "condition." The Lions finally gave in and a soft ball was used.

In asking the Rotary representative for the highlights of the game, he stated that although they had Irving Brazier play for them, he did so with the consent of the committee of the opposing team. He claims that the Lions did an unreasonable amount of complaining about the decisions of Umpire Terrill Duncan. They feel he made an excellent umpire and are planning on giving him a permanent job in a professional capacity. Don Ward, pitcher for the Rotarians, was given special credit for the excellent curves, spitballs, drops, etc., he used to confuse the Lions. His good form was due to the red cap that he wore while in the box, it was said, and the airtight support of his team. An exceptionally good play was made by Art Harris, of the Rotarians, who ran two of his own men off bases when they were full.

The only "casualty" during the game was when Harry Burke, who was coaching, was accidentally or intentionally hit by the ball while he was filling his post behind first base. However, he recuperated during the night and appeared for work Monday morning on time.

Ed Eversole, one of the Lions star players, was heard to remark that something ought to be done about the bases as they were too far apart and that they ought to have had two shortstops instead of one.

Ukiah Loses Game to Talmage Sunday

Will Play Santa Rosa at Local Park Next Sunday. Talmage to Play Indians.

The baseball game between Talmage and Ukiah, which was played on the local diamond, last Sunday, was won by the state hospital team with a score of 10-8.

Stanley Watson, manager of the Ukiah team, announces the following lineup for the season: Lawson and Percel, catchers; Matson, Hull and Williams, pitchers; Jim Grilk, first base; Rawles, second base; Souza and Mosna, third base; Busch, shortstop; Ottoson, left field; Bishop, center field; Wiley, right field.

The Ukiah team is scheduled to play Santa Rosa's regular team next Sunday and this promises to be a good fast game. Fans are urged not to miss this one.

The state hospital baseball team will play the Longvale Indians next Sunday afternoon at Talmage. No charge for admission will be made. W. W. Atterbury is manager of the Longvale team and Ferd Faas is manager of the state hospital club.

Present Loving Cup To Victorious Team

As an aftermath of the hotly contested baseball game between the Lions and Rotary clubs last Sunday for the sandlot championship, the Rotarians, who won, were presented at their regular meeting in the Palace hotel Tuesday with a beautiful loving cup as a sincere token of the good will of the losing team, although the Lions still maintain the game was won by foul means.

The cup, moulded by hand from a discarded 5-gallon oil can which had seen much abuse was presented the Rotarians by Henry Spurr, with elaborate ceremonies. Tad Ring, spokesman for the day, accepted it with thanks. It was nicely wrapped up.

The winning team appeared at the Rotary club meeting "muchly bandaged up," some traveling with difficulty on crutches and canes. The horseplay caused much hilarity during the noon meal.

The game has made a lasting impression on baseball fans in this community and they are demanding a return match between the clubs. It is being taken under advisement.

Autos Crash Near Johnson Auto Camp

C. L. James, of Philo, miraculously escaped serious injury while on his way from Ukiah to the Perry ranch Wednesday morning, when an approaching automobile driven by Mrs. C. R. Shaw, of Seattle, Washington, crashed into his car.

The accident happened about 11:30. The road was slippery from the rain and James stated that he noticed the Shaw car containing the driver and another woman coming towards him weaving about erratically. It crashed into him, hitting his car on the left side near the front. The impact caused the ladies' car to turn completely around and it hit him a second time and went into the ditch. It was a light coupe and was badly damaged.

The women were taken to the hospital by Preston Johnson, auto camp owner, and were treated by Dr. S. L. Rea. The physician stated that they received only minor injuries and will be released in a few days.

James's machine was considerably damaged.

L. I. Gibson to Run

the last 16 years, he has also served as referee in bankrutcy for the counties of Mendocino and Lake, which position constitutes an arm of the United States district court, and in all of his decisions in such bankruptcy maters, he was never reversed by the district court, but uniformly upheld.

Economically, Mr. Gibson takes pride in the fact that in spite of the mass of legislation which has doubled the work of the district attorney's office in recent years, he has kept the expenses of his office down to the lowest of any district attorney's office of any county similar in size and population to that of Mendocino, in the state of California. He promises to carry the spirit of economy with him into the judgeship, if elected, and to see that his department will be run as efficiently and yet as economically as is done in any county of similar size in the state.

Mr. Gibson is big-hearted, level headed and has a well grounded knowledge of the law, which attributes, when added to his well known determination at all times to stand only for that which is fair and just, amply qualify him for advancement to the position which he seeks. He is recognized by friend and foe alike, as a "square shooter," and if elected, will no doubt make an able, fair, and trustworthy judge of the superior court.

Mrs. Alex Montgomery Buried Here Tuesday

Auto Damage Matter Won by Default Mon.

The case of Peter Valley and Bessie Valley was won on default in the superior court last Monday by Attorney Charles Kasch, appearing for the Valleys.

They had sued W. Wilhite and Mart Showers, of Eureka, for damages on account of an automobile collision which occurred near the Empire garage on the Redwood highway last October.

Last Monday was the date set for the trial. The plaintiffs and their attorney appeared in court ready to try the case but neither of the defendants nor their attorney, W. E. Dixon, of Eureka, appeared.

Kasch moved for judgment and was awarded $2,000 and costs.

Jesse Ginochio and wife were over from Boonville the early part of the week for a short visit in Ukiah.

Covelo News

COVELO, April 11.—The swift and sudden stroke of death has again fallen upon our community. The latest victim is Mrs. G. F. Goertz, who passed quietly from sleep to her long rest on Saturday morning, April 9, 1932, at her home in Covelo. Feeling a little indisposed, she retired early on Friday evening. Her husband heard her stirring, about daylight next morning. He arose and went to the garden to work. Coming in an hour later, he found the kitchen still cold. He went to the bedroom, where he found her apparently resting calmly. He closed the door gently, tiptoed away so as not to disturb her, prepared his own breakfast and went back to work. Several times during the morning both he and his daughter looked in. Becoming at length alarmed by the long silence, he went up to waken her, only to find that life had for some time been extinct.

Francesca Breckman was born in Schleswig-Holstein, Germany, 65 years ago the coming August. She was married there to G. F. Goertz, and to them were born two sons and one daughter—Paul, Henrietta and Gustave F., Jr.—before they set out for their new home in America. They came first to Oakland, California, where the husband worked at his trade as an interior decorator and the children attended school. Later they moved to a mountain ranch at Woodman creek, about four miles north of Dos Rios. Here the daughter was married to Lester Fitzhugh. The mother returned for a time to the bay region and the father came to Covelo to work at his trade. About four years ago they bought the F. F. Zeek home. Here they established a little garden spot of old-world happiness and content. Here the neighbors soon learned to love and esteem them for those sterling qualities of character which are above money and above price. The sympathy which is extended to the bereaved husband and children is deepened by a keen sense of personal loss on the part of all who knew Mrs. Goertz.

The church where services were held at 2:00 o'clock Monday afternoon was fragrant and beautiful with lilac blooms arranged by Mrs. Redwine and a group of friends in loving tribute to the departed. Flowers were there from every garden in the valley. Pastor Burnham brought comfort by his sympathetic interpretation of the character of Mrs. Goertz. A quartet consisting of Mesdames J. S. Rohrbough, E. H. Long, G. F. Johnson and G. W. Goforth, with Mrs. Redwine at the piano, furnished music. The pall bearers were G. H. Ells, M. E. Gravier, B. L. Hurt, J. D. Rohrbough, A. N. Moore, and F. E. Woolley. Harry Newberg and Harold Goforth carefully parked hte long line of cars which followed to the cemetery.

To each of these, to Dr. Hogshead and to the host of friends who came with expressions of quick sympathy, the bereaved family tender sincere thanks and appreciation.

W. S. Osborne has received a stock of 1,200 baby chicks for his poultry ranch.

Mrs. Katherine Martin, Indian field nurse; Mrs. Martha Toles, county social agent; and Mrs. Edith V. A. Murphey, chairman for Indian affairs of the Mendocino County Federation of Women's Clubs, came up from Ukiah Tuesday.

An interesting meeting of the men's debating club was held on Wednesday evening, the discussion centering on the resolution that modern advertising is an economic loss to the nation. Speakers included H. J. Sherburn, Rolland Hurt, G. M. Biggar, Grant Winters, Walter Winters, Harold Goforth, A. N. Moore, and H. J. Ure. H. L. Burnham acted as instructor and critic. Next week each speaker will choose his own subject and present his own ideas relative thereto.

The original six members of the F. F. F. luncheon club, together with six personal friends, gathered around the dinner table on the Biggar lawn on Friday for another of their delightful social hours. The meeting was even less formal than usual, for the club accepted the invitation for the avowed purpose of making themselves useful later in the day to the hostess in contributing to a project for civic betterment. Cafeteria service, in an outdoor setting; singing birds and sunshine overhead; green grass under foot; yellow tulips for decoration; song and story and laughter around the board—these form another happy memory. Those present to enjoy the occasion were: Mrs. E. R. Caldwell, Mrs. T. B. Hill, Mrs. E. V. A. Murphey, Mrs. G. W. Goforth, Mrs. E. A. Gravier, Mrs. Clifford Foster, Mrs. Tod Hurt, Mrs. Omar Bates, Mrs. T. J. Lowry, Mrs. L. W. Burby, Mrs. Mark Havenhill and Mrs. G. M. Biggar.

A crowd of interested spectators rooted for their favorites in the Sunday baseball game, which ended with a score of 14 to 13 in favor of the Indians against the town team.

Picnic season is on again in full blast. Little groups of congenial friends were parked in every beauty spot in the adjacent hills Sunday.

Roadmaster Quinliven and his road crew were out during the week with oil and gravel repairing the rough spots in our roads, a service much needed and much appreciated.

Mr. and Mrs. G. H. Ells were Willits visitors Sunday.

Remodeling of the Van service station is progressing well. Pastor Charles Olsen of the reservation church is proving his versatility and usefulness by efficient service as carpenter and concrete mixer on the job.

New books provided by the children of the Presbyterian Sunday school have arrived. A volunteer committee consisting of Mr. and Mrs. Burby, Miss Ruth Burby, Mrs. Laura Begley and Pastor Burnham opened the books in approved library style before they were put into service, thus insuring long life. Content and binding are attractive. The children celebrated their arrival by forming a juvenile choir with Miss Vera Begley at the piano, marching in form to the rostrum and singing for the morning church service.

The annual church meeting will be held on Wednesday, April 20. All members and supporters of the church are urged to be in attendance.

Forest service for the summer has been announced by District Ranger F. O. Long. Appointees will go on duty June 1. Stations are as follows: E. H. Long, protective assistant Covelo ranger station; C. M. Bucknell, Hammerhorn lookout; A. R. Grist, fireman, Indian Dick ranger station; F. W. Goold, fireman, Tantrum Glade; Russell Sears, fireman, Osborne; J. A. Chester, fireman, Twin Rocks; Ralph McCombs, fireman, Lee Logan; D. R. Drewry, registrar, Mendocino-Low Gap road; Edward Slayton, registrar, Etsal Ridge road; A. J. Bernotte, trial construction foreman.

The annual meeting of the Baptist church was held on Wednesday of last week. The following officers were selected: W. A. Gray, clerk; J. I. Hurt, treasurer; E. H. Long, financial secretary; Charles Grist, Sunday school superintendent; S. F. Gray, assistant; Dorothy Gray, Sunday school secretary; Bernice Jamison, assistant; Mrs. E. H. Long, trasurer; W. A. Gray, deacon; Mrs. E. H. Long, pianist; Dorothy Gray, assistant; Ralph Long, Sunday school pianist; Sara Long, assistant; Ralph Long, janitor. Rev. W. E. Gray was chosen as pastor indefinitely. Refreshments and a social hour followed.

April sun and April showers produced a perfect setting for the benefit lawn party staged on Friday by the Dorcas Aid for the back salary fund. Thirty pair of willing hands, half as many young people with Miss Whittaker to guide them—and the trick was turned. More than a crate of eggs, useful small articles of all descriptions, cash donations poured in. These were recorded by the assisting group of F. F. F.'s. Later Mrs. Murphey proved an efficient auctioneer, and Mrs. Hill wrote a check for the case of eggs. When they were through there was not enough material remaining to stage the contemplated half-day sale at the Biggar mercantile store. Through the courtesy of its proprietor, however, a rug found a ready purchaser and $2.50 will be added to the afternoon proceeds of $19.03 for which the pastor receipted on Friday.

Two puppet shows by the children, community singing led by Mrs. Goforth, sewing of rug rags furnished by Mrs. Walter, inspection of the beautiful tulip beds, and serving of tea and cookies by members of the Aid furnished further diversion. The hostess and the pastor extend gracious thanks to all for their hearty co-operation.

Mrs. Hagne, class advisor, assisted the freshmen of the high school in planning a beautiful setting for their annual "hop" in honor of the sophomore class at the auditorium on Friday evening. The decorations were oriental. Evergreens and wildflowers formed the stage background; windows were draped with pine cones; the receiving class wore Japanese costumes. Mrs. Fitzhugh and Mrs. Grace Long acted as patronesses, Principal Sanders and Mr. Page as patrons. Punch and cup cakes formed light refreshments. Dancing followed the brief program.

Fields of lupine are now out in all their beauty over the valley.

Dr. and Mrs. V. M. Miller, of Laytonville, were here on Friday.

T. B. Hill visited Ukiah during the week.

Mrs. Harpe is recovering from a recent illness.

NORGARD TRIAL APRIL 28

A jury trial for Chris Norgard, Jr., charged with possession of a still, will be held in the superior court Thursday, April 28. The time was set Friday by Judge Iversen, when the youth appeared for arraignment. He plead not guilty and demanded a jury trial.

The charge was placed against Norgard following a raid on his living quarters in a hop kiln on a ranch south of town by Sheriff Dick Williams and deputies about the middle of March. The officers confiscated a still, some mash, wine and liquor.

Shortly after Norgard's arrest he was released on $750 cash bail. J. C. Hurley in his attorney.

Please stay for dinner

...no bother at all with my electric range

The unexpected friend or relative can be whole-heartedly invited to stay for dinner when you cook with electricity.

An electric range is like having a servant in your home. It never fails you. It cooks food perfectly and automatically while you entertain. When meal time arrives, you take the food from the oven, hot, and deliciously done. You are the perfect hostess. Your range, the perfect servant.

The modern electric range is speedy. Its oven heats up to 400 degrees in 9 to 11 minutes—as fast as you can mix the breakfast biscuits. New surface cooking elements are fast, too. They cook perfectly without burning or evaporating frying grease to settle on your walls. Your kitchen stays clean.

Then, too, cooking with electricity is economical. Our records show that it averages 1 cent a meal per person.

The cost of the electric range itself is no more than that of any other good range. A small down payment will place the range of your choice in your kitchen, ready to use. Come into our office and see the beautiful new electric ranges. Investigate our Special Offer which includes easy terms.

CHRISTIAN SCIENCE CHURCHES

"Doctrine of Atonement" will be the subject of the Lesson-Sermon Sunday, April 17, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations which comprise the Lesson-Sermon will include the following from the Bible: "Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. And all things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation" (II Cor. 5:17, 18).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life, and Love. The atonement of Christ reconciles man to God, not God to man; for the divine Principle of Christ is God, and how can God propitiate Himself? Christ is Truth, which reaches no higher than itself. The fountain can rise no higher than its source" (p. 18).

Council Vindicated at Willits Election

Old Members Reelected. Other News Notes of Interest from Northern City.

WILLITS, April 12.—Once more the country is saved. Yesterday we had our town election. For some days the feelings of the opposing factions ran quite high. The great issue was who was to hold the appointive positions of town marshal and nightwatch. Up to noon the vote was exceedingly light but late in the afternoon automobiles were pressed into service to bring in the dilatory voters and by the time the polls closed a total of 331 votes had been cast. The policies of the town board were vindicated, for three of them, Mayor John Keller, Philip Quadrio and Duane Bittenbender were reelected in addition to which Guy Hall was elected to the vacant position. M. L. Dower was the only holdover this year.

88th Birthday

Allen Davidson celebrated his 88th birthday, April 9, and numerous of his friends called and offered their congratulations and best wishes. Mr. Davidson is said to be the oldest person living in this vicinity and his friends will be pleased to learn that his health is now better than it has been for some time.

Noyo Tavern

The Noyo Tavern has been leased by some parties from San Francisco. The new proprietors are getting the resort ready for the summer season, which will start shortly. This resort is about half way between Willits and Fort Bragg and has a splendid location for city people who wish to take an outing in one of nature's wonderlands.

Personal Items

George Stefani came up from Geyserville last week for a short visit with his brother.

Frank Whitney spent several days last week transacting business in San Francisco.

Ernest Felstrom has been spending the week in the metropolis.

Mrs. Carl Beggs has been visiting friends in the bay cities during the past week.

James E. Allen spent several days last week in San Francisco attending to some urgent business.

Jim Roberson motored over from Irmulco yesterday.

Mr. and Mrs. John Long came over from Anderson valley last week on one of their regular visits.

Postmaster Frank Darby was in from Longvale Friday and created quite a sensation for he has shaved his patriarchial beard since which he looks at least ten years younger.

After a six-months' absence, Mr. and Mrs. A. C. Knowles returned last week with the intention of spending the summer here. They spent the winter in southern California and have been living in Lake county for some weeks.

Cliff Steele and family spent Sunday visiting relatives in Lakeport.

Mrs. L. P. Anker returned Sunday from a visit with her son in Grass Valley and was accompanied by her grandson, who now rules the roost at the Anker home.

Mrs. Naomi Wheeler came up from San Francisco a few days ago and is receiving medical attention at the Howard memorial hospital.

A son was born to Mr. and Mrs. Sam Petty last Friday night. The father is the new barber in charge of the shop opposite the Odd Fellows hall.

REDWOOD VALLEY

REDWOOD VALLEY, April 13.—Alec Kauhanen is still in Ukiah under a doctor's care. His condition is reported as slightly better.

An 8-pound baby girl arrived last Friday night to gladden the home of Mr. and Mrs. L. S. Simmons. Mother and babe are doing nicely.

George Branson came up from San Francisco Friday and will remain at the Branson home for some time while recuperating his strength. He has been in the University hospital for several weeks, where he received a blood transfusion and later submitted to an operation for intestinal trouble. He will return to the hospital, where another transfusion and operation will be necessary. Jeff Branson and son, Harley, motored to San Francisco and visited him Easter week.

Redwood valley and Calpella boys accounted for 34¼ of the 74 points the Ukiah high scored in winning the Mendocino-Lake county track meet (Class A) last Saturday. Art. Tweedy was the high point man of the meet, winning the 100 yard dash, the broad jump and 120 yard hurdle race, besides running a fast lap in the record breaking relay race. He tied the record of 10.4 seconds in the 100 yard dash and broke the broad jump record with a leap of 20 feet, 3½ inches.

Hugo Graziano made new records in winning both the half and mile runs with times of 2 minutes, 7.1 seconds and 4 minutes, 58.4 seconds, respectively. The time in the half mile, especially, is exceptional for a high school boy.

Other local boys scoring points were Frank Branson in the high jump, Uno Niemi in the pole vault, Bob Ford in the shotput and Carl Fred in the discus.

In Class C competition Barlow Van Voorhees won the half mile in fast time.

Bob Ford is following in the footsteps of his father, Kirk Ford, who was a famous shotputter for the Ukiah high and Stanford university in his student days.

The farm center met Tuesday night. Farm Advisor Myszka gave an enlightening talk on frost damage and the blight situation. Three excellent movie reels were shown.

Mrs. Heustis, of Ukiah, and a friend accompanied Mrs. J. H. Belveal to the Ladies' Aid meeting.

The P. T. A. will meet Friday afternoon at 3:00 o'clock.

You'll find it in the CLASSIFIED

Schneider Youth to Be Tried Here Soon

Leo Schneider, 16, formerly of Ukiah, is lodged in the county jail on a charge of burglary, following his arrest recently in Red Bluff by Sheriff Hull of Tehama county.

Sheriff Dick Williams and Deputy Earl Bishop went to the Sacramento valley town and brought the young man to this city and he will stand trial in a few weeks for an attempt to rifle the cash register of the Orchard camp in August of last year. He was caught in the act and arrested. After being taken to the county jail he was released for the night in the custody of his mother, who promised to see that he appeared the following morning. That night the whole family disappeared. After their sudden departure news was received of them from Oregon and Washington from time to time by the sheriff's office here.

They again disappeared from a town in Oregon several months ago and no word was heard of them until authorities were advised of the youth's arrest in Red Bluff.

Coast Youth Given Probation by Judge

Allan Holmes, 26-year-old Caspar youth, was sentenced to serve three months in the county jail when he appeared in the superior court before Judge Iversen, last Friday, to receive sentence on a charge of grand theft. He had plead guilty.

He was sentenced also to San Quentin but was admitted to probation for five years, during which time he was ordered to report in person or by letter to Probation Officer Van Dyke on the first of each month. Also he must pay the sum of $100 damages to P. D. Pelascini, a resident of Mitchell creek, whose car he stole and dismantled. The money is to be paid through the probation office. On his release he must find employment. He was given credit for the time already spent in jail on the three months' sentence.

About the middle of March a complaint was filed by Pelascini, stating that his car had been stolen from in front of his home. It was later discovered in the brush back of Caspar by Don Phillips and some men who were hunting a survey stake. Diligent work on the part of Earl Bishop, deputy sheriff, led to Holmes' arrest.

Holmes stated after his trial to a representative of the Dispatch that he did not know "why he committed the crime but had learned a lesson."

He has promised to lead a clean life.

The report of the probation office showed a good past record.
